

Recep Cil

Experience

04/19-Now **Software Development Expert**

[VeriPark - Istanbul/Turkey](#)

VeriPark is a software house specialised in financial solutions. I'm a part of a web development team to provide specific solutions to clients which include the world's largest and most respected banking, insurance and finance companies.

Used Technologies: Angular, .Net Framework, HTML, CSS, Javascript, MsSql, Git.

10/18-03/19 **Web Developer Intern**

[Orange Games - Amsterdam Area/Netherlands](#)

Orange Games is an entertainment company with it's origin in gaming. I experienced how an e-commerce platform works with Dependency Injection, EF Code First approach, .Net Core and WebAPI2. I added new features to the admin panel of Voidu's website and I also worked with the team to develop some new features to Voidu's live API projects which are based on WebAPI2.

08/17-12/17 **Web Developer Intern**

[Big Cat Research - Istanbul/Turkey](#)

Big Cat Research is a startup company which is offering marketing research and consulting.

I developed a website to publish Big Cat Research's statistical research reports. The website is based on ASP.Net MVC. For developing I also used Entity Framework, MsSql Server, Bootstrap, Html5, Css3, and Javascript.

06/16-08/16 **Information Technology Intern**

[Bilgi University IT Department - Istanbul/Turkey](#)

Istanbul Bilgi University is privately owned by US-based Laureate Education. The Office of Information Technology provides tech services for students, faculty, and staff of The Bilgi University.

I acquired basic programming skills and learned how to use Git workflow. I also developed basic WPF, WFA projects.
